“Our clients’ satisfaction”

COMUNIDAD VALENCIANA ■ ESPAÑA ■ PORTUGAL ■ EUROPA

SCHOOL BUS SERVICE

We at Autocares Transvia are specialists in school transport. We have a large fleet of coaches and minibuses, adaptable to the needs of each school. Our team of professionals design the route to take children to school, and also offer transport for school trips at home and abroad.

All our vehicles are specially adapted and equipped with seatbelts to keep children safe on their journey.

COMPREHENSIVE SERVICE FOR EVENTS

At Autocares Transvia we take on the transport needs for conventions, fairs, congresses or any type of event you can think of. Our large fleet of coaches, buses and minibuses adapts to all possible needs the client might have.

Our team of drivers in proper uniform will take attendees from the hotel or airport to the place where the event is being celebrated, maintaining strict punctuality and quality of service at all times. We have huge experience in logistical planning that these events require.

OUR FLEET

At Autocares Transvia, we have a modern fleet of coaches and minibuses with between 19 and 71 seats. This variety enables our services to adapt perfectly to all customer requirements.

Indeed, the fleet includes adapted vehicles with electric ramps and special clips inside for wheelchair access.

All our vehicles comply with current safety regulations and are subjected to detailed technical check-ups to guarantee the comfort and safety of all passengers.

COACHES WITH:

71-SEATER COACH

The largest vehicle in the Autocares Transvia fleet. With its 15 metres in length, it holds 71 comfortable seats, which, together with its large luggage hold make it the ideal bus for large groups traveling to and from trips or events.

Features:

- Air Conditioning.
- DVD.
- Music.
- Refrigerator.
- Upholstered seats.
- Individual seat lighting.
- Seatbelts.

Autocares Transvía

Founded in 1967, Autocares Transvía has become one of the leaders in the passenger transport sector in Spain and Portugal. Our fleet, with all its experience in the sector, has continually adapted itself to travellers' needs, becoming in the process one of the most complete, safe and comfortable fleets around.

We specialize in transporting individual passengers, school transport, national and international journeys, organized trips, weddings, special events and transport for the disabled.

Our mission: "Satisfy our customers", an aim that has become our hallmark. So every year thousands of individuals and companies rely on our services to ensure the safety, comfort and quality of their journeys.

SAFETY AND COMFORT

At Autocares Transvia we know that the most essential requirements when travelling are safety and comfort. With that in mind, all our vehicles use the latest technology in those areas, always in full compliance with current transport regulations.

With our very own garage and workshop, we subject our vehicles to the strictest maintenance check-ups and controls, guaranteeing that they operate in optimal condition. We complement these rigorous controls with luxurious interiors to ensure maximum comfort on all our routes.

Our vehicles are equipped with air conditioning, DVD-TV, ambient music, individual seat lighting, reclinable seats, seatbelts for all seats, and large luggage holds that avoid capacity problems. Moreover, some of our coaches have a toilet, Wifi connection and cafeteria service.

QUALITY OF SERVICE

With the aim of providing the best possible service, our company has an integrated Quality Control system, recognized by AENOR and ACCM, who have awarded us the corresponding Company Registry Certificates and the right of use of their marks. These certificates comply with the requirements established in the UNE EN ISO 9001:2008 quality regulation, UNE EN ISO 14001 environmental management regulation, and UNE 13816 passenger transport regulation.

This shows our determination to comply with our objectives of client satisfaction, quality of service and respect for the Environment. Moreover, the ICTE (Spanish Institute for Quality of Tourism) awarded us a "Q" tourism quality certificate, one of the first awarded in our sector at national level.

We already have
a bus for guests.

I need 40 buses
for the Congress

Mum, the school
bus is coming.

What a comfortable
journey – I even fell asleep!
